Education: **World Harvest Bible College - Columbus, Ohio**
Pastoral and General Church Leadership coursework

Watkins Memorial High School – Pataskala, Ohio
Diploma conferred June 2003
GPA 3.313, Student Council Member, Volunteer Network Administrator

Additional Expertise: I have experience (personal and volunteer) installing and configuring Microsoft Windows domain controllers running Active Directory on Windows 2000 Server, Windows Server 2003 and 2008, along with Exchange Server 2003 and Exchange Server 2007. I helped to administrate a network as a volunteer technician for the Southwest-Licking School District. I have a large amount of experience in servicing computers, ranging from correcting software / malware errors, to building entire systems from scratch.
